ABEGUNDE EMMANUEL

FRONTEND DEVELOPER

PROFILE

Passionate and skilled Frontend Developer with a strong background in creating visually appealing, user-friendly web applications. With over 5 years of experience in the industry, I specialize in crafting responsive, interactive websites using modern technologies. My experience extends to collaborating with cross-functional teams to deliver high-quality projects on time.

WORK EXPERIENCE

EGATOR TECH 2020-2021

Frontend Developer

- Designed and maintained responsive websites using HTML, CSS, JavaScript, and React.js, ensuring cross-browser compatibility and mobile optimization.
- Customized and extended WordPress themes and plugins to meet client requirements, enhancing website functionality and user experience.
- Collaborated with UI/UX designers to implement engaging, interactive web elements that improved user engagement and satisfaction.

UPWORK & FIVERR 2020 - Present

Freelance Website Developer

- Successfully accomplished over 50+ projects on Upwork and Fiverr, consistently receiving high ratings and positive client feedback.
- Specialized in creating custom WordPress themes and plugins tailored to individual client needs, enhancing site functionality and user experience.
- Designed and developed responsive websites for a diverse range of clients, from small businesses to larger enterprises, ensuring a strong online presence.
- Utilized HTML, CSS, JavaScript, and PHP to customize and optimize websites, delivering solutions that align with client objectives and brand identity.
- Provided clients with ongoing support and maintenance, including troubleshooting, website updates, and security enhancements, resulting in long-term client relationships and repeat business.
